Swap & Go Cartridge for Easy Maintenance

Henke's new HXC2000 Spreader is the only V-Box spreader on the market with a removable conveyor cartridge. The replaceable cartridge is not only easier to service and repair, it also allows you to choose between an auger, dual auger, pintle chain, or pure belt conveyor, giving you the control and versatility you need.

STANDARD SPECIFICATIONS

Constructed of 304 stainless steel

Fully replaceable conveyor slider bed

Remote chain tensioning

NO TOOL adjustment spinner deflectors

Unique telescoping discharge chute for even high flow rates

Spinner drive "shed" design prevents clogging & fouling in the chute

Integrated safety features allow tool free access for routine maintenance

Available in 9ft-14ft lengths

Weight: Approx. 3,600lbs as shown
