HENKE [®]

AN ALAMO GROUP COMPANY

FREIGHTLINER'S NEW 114SD

The best solution to your toughest challenges

BUILT ON A SEVERE DUTY PLATFORM - the 114SD features best-in-class visibility, enhanced maneuverability for tight situations, a lightweight aluminum cab for corrosion resistance, and larger door openings for easy entry and exit. Legendary Freightliner quality, industry-specific innovations and a comprehensive warranty all make the 114 SD the perfect vehicle for Henke's Snowfighting Package.

Single Axle

- > Cummins L9-350HP
- > VIN: KH9754
- > Allison 3500 RDS
- > 41,000 GVWR

Tandem Axle

- > Detroit Diesel DD13 - 450HP
- > VIN: KJ3821
- > Allison 4000 RDS
- > 54,000 GVWR

STAINLESS STEEL DUMP BODY

With hoist

QUALITY CRAFTSMANSHIP BUILT TO LAST - A few of the features include:

- > Sloped rear tailgate
- > Stow-away driver's side ladder with grab handle
- > LED stop, tail, turn, back up lights, strobes at rear

Many other features are included in this package, contact Henke sales for details.

PARALLEL LIFT PLOW

Advanced technology and features

SUPERIOR PLOWING PERFORMANCE - The #1 solution for ease of operation and all around safety. Henke's Parallel Lift Plow features include:

- > Level lifting at all angles
- > Follows the contours of the road smoothly - no bouncing or chatter
- > Safe and easy to operate and maintain - in fact the best in the industry!

TRUE FLOAT POSTLESS WING

The only true float, non-trailing wing available

HENKE'S PARALLEL LIFT LINK - doesn't bind up like traditional slide post wings. The unique design reduces wing chatter and increases effectiveness of cutting through packed snow and ice.

- > The MOST vertical float of all postless wings
- > More durable than traditional slide post wings

CARTRIDGE SPREADER

V-Box Spreader with a removable conveyor system

THE SMARTEST CHOICE FOR EASY MAINTENANCE AND COST SAVINGS

- > The removable cartridge is the easiest conveyor system on the market to service or repair
- > Modular design reduces cost of ownership by providing longer service life of the main structure and hopper. Simple replace a worn out cartridge vs replacing the whole unit!

FORCE AMERICA HYDRAULIC SYSTEM

The best choice to complete your package

6100 series Contact Henke sales for spec.
